

Forecast For The United Kingdom
Issued by Met Office Exeter
at 1600 on Saturday 16 Jan 2021

++ Valid for broadcast between 1800 and 0600

Headline:

Less cold with showers mainly in the north and west.

This Evening and Tonight:

Breezy with showers feeding into west and northwest parts Saturday night but snow limited to high ground. A few showers moving across parts of the Midlands and into southeast England overnight. Still chilly with a slight frost for many.

Sunday:

Southern and eastern parts dry with sunny spells. Showers affecting the west and northwest, with some more persistent rain later for west and central Scotland.

Outlook for Monday to Wednesday:

Unsettled, rather mild and windy with rain at times, this heavy in the west. Colder for Scotland with some hill snow. Gales in the south, and later in the north.
